

# **Regina & District Labour Council**

## **Trustees' Report to the 2018 AGM**

We, the Trustee committee, have reviewed the financial statements and books of the Regina & District Labour Council for the period of January 1 to December 31, 2017.

We acknowledge that there were a number of missing receipts, invoices and dues sheets and that there were errors in the original entry of data for the period May 1<sup>st</sup> to November 30<sup>th</sup>.

By a motion passed at the Labour Council, a former treasurer of the Labour Council was hired to go through the books from May 1<sup>st</sup> to the end of November and correct entries that were improperly recorded. She has worked with the current treasurer, who agreed to take over the position at the end of November until elections are held for that position at the 2019 AGM, to ensure records are being properly recorded going forward.

We are satisfied that these statements now appropriately reflect the motions made at labour council meetings and are properly recorded in the appropriate sub accounts and that the books are in good order.

Brenda Hutton, Chair of Trustee Committee

Kim Wilson, Trustee
